PRACTICE TESTS FOR

**IELTS**  
**SELF-STUDY EDITION** *1*

This book contains practice material for the International English Language Testing System: four complete practice tests for Academic candidates, plus extra Reading and Writing modules for General Training candidates. Written by experienced IELTS examiners, the tests conform precisely to the revised format of the exam, introduced in 1995.

This self-study book contains an introduction to the different modules of the exam together with an explanation of the different IELTS question types and suggestions on how to approach them. The inclusion of annotated keys and tapescripts for each test makes the book ideal for the purposes of students using the material partly or entirely on their own.

The cassettes contain listening material carefully chosen to reflect the reality of the exam in terms of timing, format and the types of speaker and accent used.

**The practice material consists of:**

Self-study Student's Book
